Art. 3 - Exhibition Limitations - Admission

3.1 Exhibition Limitation - Only products and services represented under the sectors contained in the signed Participation Contract, which represents an integral and substantial part of these General Terms and Conditions, may be exhibited.
3.2 Admission – Any country companies are entitled to be part at the events, provided their activities fall within the object of the events and participating under the categories (Partner, Exhibitor and Newcomer) (henceforth the “Exhibitors”). Admission to the Event is dependent on the acceptance of the Participation Contract (henceforth the “Participation Contract”) by the Organizer Admittance to the events and the subsequent stand allocation, shall be granted dependent on the package and area indicated in the Participation Option contracted, the amount of exhibition space available bearing in mind the types of products and services to be exhibited and the date of the Participation contract reception. Admittance shall not however be granted to the events to those Exhibitors who are in debt for whatever reason with the Organizer or Exhibitors that are in a condition by which one may reasonably presume that they are in danger of becoming insolvent or entering a period of crises. The Organizer reserves the right to refuse and/or revoke admission to the events where it believes, based on its own unquestionable judgment, that the applicant does not have appropriate credentials. In this case the Organizer is not required to provide any justification for its decisions. The refusal and/or cancellation of admittance will not entail any form of reimbursement for damage or interest. The participation in one or more of the previous editions of the events does not grant the Exhibitor any automatic right to participate in a subsequent Event edition.
Exhibitors must be attending their stand during the Event opening hours and cannot start the stand dismantling until the events close the last day. The Organizer reserves the right to close the stand or the facilities that break the conditions of the present General Terms & Conditions for Exhibitors.
The Organizer will name an Admission Commission, which will supervise all the requests of admission as exhibitor and which will visit all the stands and will verify that the exposed material answers to PICK&PACK Y CHEMPLAST EXPO 2021 philosophy. Those products and / or the advertising of the same ones that, to criterion of this Commission, do not fulfill these requirements and the present General Terms & Conditions of Participation for Exhibitors, will not be admitted into the events.
The exhibitors will facilitate to the Organizer, at least one month before the events a detailed relation of products, services and brands that they want to expose in their stand.

Art. 4 - Participation fees

The fees charged by the Organizer will be the ones indicated in all the Participation documents for the 2021 edition. These fees are applied to the entire surface of the spaces occupied, within the same perimeter by the same company.

4.1 Participation fee:

Covers everything specified below:
All the benefits indicated in the Participation kit plus administrative and secretarial costs, inclusion in the on-line catalogue, promotion of the events which may even include the organisation of: events, conferences, hospitality costs for journalists, speakers, professional and international delegations, as well as study and research activities which may even be performed in collaboration with Trade Organisations; technical assistance provided to the Exhibitor during the Exhibition and during the setting up and dismantling days; general surveillance of the halls and general fire prevention; Exhibitor passes. Each Exhibitor standholder will be provided with a number of passes in proportion to the Participation Options contracted. The Exhibitor will have the right to purchase extra passes beyond those already granted at a unit price established by the Organizer, to be used exclusively for personnel manning the stands. Basic cleaning (carried out during pavilion closing hours which includes: cleaning of floors in corridors and aisles and emptying of rubbish bins and removal of the garbage left in the stand perimeter at the end of the day, A Civil Liability and Property Damage Insurance Policies detailed in Art. 19.

4.2 Co-Exhibitor Participation fee:

Includes the insertion of the co-exhibitor in the on-line catalogue and in the event guide. A specific Participation Contract for each of the co-exhibiting companies that will be using the same primary exhibitor space has to be signed and submitted to the Organizer. A fee of 300€ + VAT will be applied for each of the co-exhibitor companies applying, who will be able to benefit from all the considerations mentioned in the Co-Exhibitor Participation Contract itself.

4.3 Stand Assembly fee:

IFEMA charges to every Exhibitor’s stand a compulsory fee corresponding to the installation and decoration of the stand, according to IFEMA's in force official rate for 2021. All the Exhibitors’ stands included in the Participation Package or contracted through the Organizer will have included in its price this Stand Assembly fee. The Exhibitors who build their own stand will be invoiced at the rates indicated by IFEMA for 2021.

Art. 5 - Participation contract and payment Terms

5.1 Participation contract - The participation contract in the original, duly filled in and signed must be delivered to the Organizer by and not later than 22th February 2021 the Participation Contract may not contain reservations nor conditions of any kind, on penalty of being inadmissible.
In case the Participation Contract is received by the Organizer after the deadline and is nevertheless accepted on the basis of a merely discretionary assessment by the Organizer, the latter will not be in any way required to comply with the deadlines for delivery of the participation documents to the Exhibitor. Participation Contracts received after the registration deadline will be placed on a waiting list.

5.2 Payment Terms - The participation contract must contain the indication of the Participation Option contracted and must be accompanied - on penalty of inadmissibility - by the payment of an invoice/s calculated on the basis of the criteria indicated above:

- 1st Payment Term: 50% of the total cost of the Participation Option contracted at the signature, upon receipt of invoice from the Organizer and with a due date of 10 days from the invoice issue.
- 2nd Payment Term: remaining 50% of the total Participation Option cost, contracted plus additional space or stand sqm (if it is the case), must be paid on 15th January 2021 with a due date of 10 days.

The additional products or services contracted shall be paid maximum before the start of assembly of the events, all before March 18th 2021.

In case of non-compliance of the payment conditions specified, the Organizer shall be entitled to offer the space booked for any other applicant company.

The first payment does not constitute acceptance of the Participation Contract by the Organizer.

Should the Participation Contract not be accepted by the Organizer the amount paid as specified in the 1st Payment Term will be returned to the Exhibitor. The Organizer is entitled to reject Exhibitors, in its own discretion, in case the Participation Contract is not followed by the payment of the first invoice inside the payment terms. Failure to sign the Participation Contract, or the failure to pay the first invoice, grants the Organizer the right to reject the request.

It will not be allowed initiate the assembly of the stand to those Exhibitors that have outstanding debts with the Organizer.

The amount of the extra services ordered during the Event and all those quantities dependent on payment will be regularized by the Exhibitor before the dismantling period. This is an indispensable requirement to allow the exit of the exposed material by the Organizer.

5.3 Payment Methods

All payments should be made to Nebext – PICK&PACK y ChemPlast Expo 2021 by bank transfer to the indicated Bank

9.2 Stand Assembly fee: (fees according to 2021 rates)
IFEMA charges to every Exhibitor's stand a compulsory fee corresponding to the installation and decoration of the stand, according to IFEMA's in force official rate for 2021. All the Exhibitors' stands included in the Participation Package or contracted through the Organizer will have included in its price this Stand Assembly fee. The Exhibitors who build their own stand will be invoiced by the Organizer at the rates indicated by IFEMA for 2021:
- Spaces without decoration, or occupied by carpeting or wood flooring: Rate TYPE A: 2,16€/m2 + VAT
- Basic modular stands of aluminum or similar: Rate TYPE B: 4,33€/m2 + VAT
- Modular stand in aluminum design, woodworking and other materials: Rate TYPE C: 6,81€/m2 + VAT.

9.3 Electric consumption
The exhibitor that realizes the assembly of his stand of free design will have to pay 4,63 €/m2 + VAT (fees according to 2021) for the general connection and supply of electric power minimum (35,64€/Kw) during the celebration of the event and the periods of entry and goods issue. The stands contracted to the Organizer or included in the packs of participation already include electricity consumption in its cost.

9.4 Electrical supply
All electric power supply to the stands will be provided by IFEMA, being the characteristics of the supply 400V between phases and 230V between phases and neutral. IFEMA is not responsible for supplies that may be needed in direct current or in any other condition of stability and continuity other than that of supply general, being these, in any case, on behalf of the installer or user of the stand and requiring prior authorization from the Technical Management and Maintenance of IFEMA.
IFEMA may, at its discretion, limit the power of supply when it may have negative impact on other users or for reasons of overload or security of their own lines and facilities. The users of stands and facilities are required to maintain a factor of cos power between 0.95 and 1.
The hours of power supply to stands is from 8.30 a.m. to 9.30 p.m. If for some reason the exhibitor needs a different schedule, must request in writing to the Management of Fair Services - Technical Secretariat, filling in the form that for this purpose you will find them available on the web www.convencionesycongresos.ifema.es - Organizer s - rules of participation - forms - Request for electric power to stands 24h.
When the electric supply in the Electricity Company's Fair Park depends provider of the service, IFEMA is not responsible for any anomalies beyond this Institution, both for lack of supply and quality (variations of frequency, voltage variations, transients, spikes, gaps, short interruptions, micro-cuts, harmonic flickers, etc.).
In the event that installed electricity consuming equipment requires some kind of caution in shutdown processes or be sensitive to possible cuts in the electrical supply, installation by the installer of the equipment is recommended, of elements that avoid this risk in front of the possibility of lack of electrical supply, such as uninterrupted power systems (S.A.I.).

9.5 Electrical connection
The electrical connection will be made by the stand installer, under the supervision of the Technical and Maintenance Management of IFEMA. It will be done from the point of distribution that IFEMA establishes for the best use of the network and will consist of a power outlet manufactured by MARECHAL, with the following characteristics:
• Supply up to 32 A: Decontactor type «DS» 380/400 V-50 Hz 3P + N + T
• Supply up to 63 A: Decontactor type «DS» 380/400 V-50 Hz 3P + N + T
For consumptions greater than 63 A, the stand box will be connected directly to the IFEMA rush.
These sockets should be contained within the gutters / manholes of distribution of the halls, totally registrable to be able to solve possible incidents
In the case of the North and South Convention Centers, the cables from the frames of the assembler to the terminal boxes distributed in these areas.

9.6 Electrical distribution of facilities and / or stands
9.6.1 Protections to guarantee security
As close as possible to the entry point of the connection, the installer will place a box with at least:
• General magnetothermal switch with omnipolar cut (neutral cut included) and size according to the supply line. This magnetothermic can be cut bipolar when its size does not exceed 25A.
• General differential switch of 30 mA sensitivity and gauge not less than general magnetothermic switch.
Receiving devices with consumptions greater than 16 A will be protected individually from the box. The boxes must have enclosures closed that can not be opened except with the help of a tool or a key, except of its manual drives. In case of operating from within, they will have to be protected against possible direct contacts. The degrees of protection of the enclosures will be IP4X for indoor and IP45 for outdoor, should be fixed to some structural element of the stand, not being able to be placed at ground level and maintaining an optimal state of the picture and its characteristics.

9.6.2 Electric cables
For electrical installations inside the installations and / or the stands that are mounted inside the halls, the cable to be used will be assigned voltage minimum 300/500 V according to UNE 21027 or UNE 21031, suitable for mobile services, canalized with tubes or channels as provided in ITC-BT 20 and 21 and with grade of protection IP4X according to UNE 20.324, or of assigned voltage 450 / 750V with covered with polychloroprene or similar, according to UNE 21.027 or UNE 21.150 and suitable for mobile services or 450 / 750V flexible cable (H07ZZ-F), according to UNE 21027-13. In these last two cases it will not be necessary to install it under tube, although It may be accessible to the public.
For outdoor or outdoor installations that service stands or facilities that are mounted outside the halls, the cable will be assigned voltage Minimum 450/750 V with polychloroprene cover or similar according to UNE 21.027 or UNE 21.150 and suitable for mobile services, channeled with tube or channels as arranged in ITC 20 and 21 and with degree of protection IP4X according to UNE 20324, or the cable may be made of copper conductors, with a polychloroprene cover or similar and assigned minimum voltage 0.6 / 1 kV. , suitable for mobile services, not being necessary its installation under tube, although it can not be accessible to the public. Installation electrical interior of these stands will comply with the previous point provided it is not closed in all its parts.

The joints and connections will be made by means of terminals located inside of connection boxes.
The flexible connections of the equipment will not exceed two meters in length, using cable suitable for working conditions.
All wiring that is going to be subjected to mechanical stress will be of the armed type or will go under protective conduit.

9.6.3 Bases and sockets
The socket outlets will be safety and equipped with ground contact. Sockets installed in the ground will have adequate protection against the penetration of water and will have a degree of protection against impact IK10. They will be installed at a distance greater than 1m from any point of water intake.
A single cord cable should be attached to a socket. Adapters can not be used multiview
Multiple bases should not be used except the mobile multiple bases that They will be fed from a fixed base with a cable of maximum length 2 m.

9.6.4 Engines
All engines with an output greater than 0.75 kilowatts must be equipped with starting systems of reduced intensity, in accordance with the provisions of ITC-BT-47 of the current Electrotechnical Regulation for Low Voltage.

9.6.5 Luminaires
Lamps located less than 2.5 m. from the ground or in places accessible to persons must be firmly fixed and located in such a way as to prevent any risk of danger to people or inflammation of materials. Any team lighting that reaches high temperatures will have to be sufficiently distanced of any combustible material.

9.6.6 Ground connection
The metal structures will be connected to the ground.

9.7 Water and drainage. Compressed air
The general water, drainage and compressed air outlets will be supplied by IFEMA. The water and compressed air intakes have a diameter of ½ inch, and that of drain a diameter of 1 ½ inches, all with female thread termination. The installation of any other element in the stand (sink, sink, connection, etc.) is of independent contracting.
The connections to the IFEMA network will always be under the supervision of the personnel of the Technical and Maintenance Management of IFEMA.
For the proper functioning of the sanitation facilities, it is not allowed install more than two drains for each water intake contracted.
IFEMA's general potable water supply depends on Canal de Isabel II, so that the supply pressure can oscilate. Usually, the supply pressure it oscillates between 4 and 6 bars, but these parameters may vary. If the equipment that are going to be connected to the required water intakes, for their correct operation, of a pressure other than the service, the installer or the Organizer must equip their teams with the necessary elements to regulate the pressure on their needs and good functioning. In case of doubt, we recommend contacting the Technical secretary.
The supply of compressed air is carried out at a pressure of 6 bar, if necessary lower pressures should be provided for the necessary pressure regulators to adjust it to your needs

9.8 During the labors of assembly and dismantling and, in general, during the days of celebration of the event, the placement of materials remains prohibited in the space of other Exhibitors and, likewise, all the corridors will have to be always free for the persons' traffic and goods.

9.9 The loading and unloading docks of IFEMA (adjacent zones to the halls) are not parking zones. It's only allowed, for every vehicle, an operation of load or unload, with immediate exit to the corresponding parking. The vehicles that will exceed the established time, IFEMA will charge the time exceeded in order to deter them.

9.10 The valuable products and materials will have to be withdrawn at the closing of the events. (The compulsory insurances don't include neither theft nor robbery.

9.12 Removal of waste and assembly and exhibition materials: In application of the current legislation on urban waste, all Exhibitors, as well as the companies contracted and / or subcontracted to carry out the assembly and / or Dismantling of stands, are required to assemble, disassemble and remove materials from assembly decoration and exhibition used, in the established periods of time for it. The stands that will not be dismantled, or the objects that remain installed after 21.30 of March 26th 2021, will be withdrawn by IFEMA's cleaning services and the Organizer will not be responsible for the destination of the removed material. The non-compliant Exhibitor shall pay all expenses and damages incurred through enforcement of this rule.

After the established deadlines for the exit of merchandise and material of decoration such as those specifically established for stand dismantling (after 21.30h on March 26th 2021) all the materials that still remain in the exhibition areas of the pavilion will be considered materials of waste and will be withdrawn by IFEMA, losing the Exhibitor all right to claim for losses or damages in the same ones being on account of the Exhibitor the relative expenses upon their withdrawal, which will be invoiced by IFEMA according to the rates established in the Table of Rates, for the totality of the awarded square meters. In the case of not dismantling the stand within the established period, the Exhibitor will pay the cost to IFEMA of carrying out this service in accordance with the budget provided by IFEMA in function of the work to be done.

Art. 10 - Stands Construction and projects - Mezzanine floors

Exhibitors who have not paid the balance of their exhibition or additional services fee shall not be granted entry to set up their stands. Any defects or shortcomings discovered when the Exhibitor takes possession of the exhibition space for setting up the stand and laying out of goods must be reported to the Customer Care – Exhibitors Assistance. In order to access the Fairgrounds, Exhibitors must follow the instructions given in “Provisions for setting up and dismantling”, which will be sent by the Organizer, containing details regarding layout of spaces and deadlines for setting up stands. The Exhibitor shall be responsible for all Organization and costs incurred for setting up the stand and shall strictly observe the General Terms and Conditions and the layout plan and the Organizer Technical Regulations. He shall also provide the Organizer with his stand layout project beforehand for approval. The Exhibitor undertakes to fit out the entire area assigned and to display products he manufactures belonging to the Event merchandise repertoire on his stand for the entire duration of the events. Products exhibited must be positioned in such a way that they are not considered offensive or could be dangerous. The stand must be laid out in such a way so as to avoid obstacles or objects that hinder access to the exhibition areas.

The Organizer reserves the right to amend the assembly periods and times should it deem necessary. The interior decoration of the stands will be a responsibility of every Exhibitor, according to his own criterion and convenience. The stands included in the Participation package or ordered through the Organizer must be returned in equal condition to how they were received, not being able in any case drill, vinylate, paint or damage the walls. The damages originated by inadequate treatment will be charged to the Exhibitor.

It is forbidden to affect in any way the facilities of the pavilion, not being allowed to paint, drill or fix screws in any structural elements of the pavilion and neither to hang signs, brands or drawings in the ceiling or walls. All the decorative elements will have to be installed in supports mounted by the exhibitor. It's forbidden for The Exhibitor to offer visitors any kind of food or drinks to be consumed outside its stand (especially pop corn or ice creams) being the Exhibitor responsible of cleaning all leftover food and disposable material.

10.1 Stand Projects and Special Decoration

The maximum stand height allowed is 3.00 m. If the stand proportions so allow, and provided that the view is not obstructed, constructions exceeding this maximum height, shall be permitted (after prior consultation and written approval from the Organizer) up to 5.00 m of maximum height (including any stage and any projects with mezzanine floors and in the pavilion areas without height restrictions) but taking in consideration leaving at least 1.00 m distance from the stand perimeter to the inside; this maximum height dimension must also contain all stand structural elements and all graphics (trademarks, logos).

In the case that the Exhibitor needs to hung any decorative element from the pavilion ceiling, an approval from IFEMA will be needed. Once feasibility has been vetted by the the Organizer offices, the Exhibitor may be allowed to install “Lighting and support bars and Hangings”:

- The hanging of perimeter bars at a height of 6.00m. is only granted for lighting purposes;
- Graphic elements may be hung from bars provided they do not exceed a height of 5.00m. at the highest point; where stands are side by side these must be set back by 1.00 m. and all graphics and supporting bar structures will have to be free-standing. The height of the stand must not interfere with the smoke detectors or other security elements located in the halls.

10.2 Approval Construction and decoration projects Stands with customize design The stand projects must be forwarded by 22nd February 2021 to the Technical Office by all Exhibitors with own stand construction. The stand project, complete with floor plans and measured elevations must be sent by e-mail to the Organizer 's Technical Office: For PICK&PACK: pck@servisgroup.es For ChemPlast Expo: cpe@servisgroup.es This deadline does not apply to those who have included the stand in their participation package or have requested their stand through official partners.

The Organizer reserves the right to request Exhibitors to provide the projects for all stands, regardless of their surface area or height. The Organizer via their Operations Department will verify the stand projects in relation to Event and venue Technical Regulations and will provide feedback on the project by approving it or requesting further compliance with the above regulations. Once the projects have been approved the Exhibitors, independently at their own expense, will see to the installation of the perimeter walls and flooring of their stands. The upper part of the stands must be finished in a workmanlike fashion; the walls abutting on the other stands, as well as being finished in a workmanlike fashion, must also be neutral in terms of colour; access must be guaranteed to all utility systems even in the events of carpeting etc. or raised floor sections; for materials to be hung from the ceiling please refer to the Dispositions contained in the Technical Regulations of The Venue. Failure to receive the correct documentation or approval of the stand project from the Organizer will not enable the Exhibitor (or stand fitters) to set up their exhibition stand.

The link of stands or islands on either side of a corridor either by unifying carpet, aerial structures, lighting, etc. is not allowed, although they belong to the same company or group of companies. All walls with neighboring stands should have maximum 3.00 m. height and with a distance of 1 meter from it, all the elements could have a maximum height of 5 meters. Shared islands, towers and other surrounding elements with neighboring stands can only be labeled on the sides facing the stand itself and not on the sides facing the neighboring stand, regardless of the height of these elements. To label all sides, it is mandatory setback 2 meters of the perimeter with the neighboring stand. The total closure of a side wall shall not be authorized, and must be open and accessible at least the 25% of it. It may only be allowed to cover 100% of all perimeter sides walls if they not exceed 1.25 m in height. In the case of perimeter walls with a height exceeding that limit of 1.25 m facing the corridors of common use, there must be a minimum distance of 1.50 meters between the wall and the corridor.

Any decorative element protruding from the stand (maximum 40 centimeters) will be located at a minimum height of 2.5m. It will be allowed to cover the pillars within the stand space up to a maximum height of 5 meters. Those stands built on a platform of height equal to or greater than 19 mm shall have at least one wheelchair access ramp 1.20 m wide at least.

10.3 Mezzanine floors

In single storey halls mezzanine floors can be built in compliance with the rules and conditions specifically detailed in the venue Technical regulations. Building of mezzanine floors is only permitted on exhibition spaces with a minimum surface area of 100 sqm. The mezzanine surface area must not exceed 50% of the area itself. All the Exhibitors that choose to build a mezzanine floor will have to present to the Organizer a certificate or a project signed by a competent technician, who will have to be verified through the corresponding college. The project will have to include the dimensions, the load of use and the appraisal, being an exclusive responsibility of the Exhibitor, the fulfillment of the limits specified in the same one.

10.4 Stand Safety

The structures of the stand, as well as any of the elements used in its decoration, must be sufficiently rigid and stable for them to not pose any risk to people or property. The subsection on stairs, handrails and protection in changes of height outlines, in accordance with existing regulations and, specifically, with the provisions set out in the Technical Building Code (CTE) and complying with the following criteria:

- The level changes at a height of more than fifty (50) centimetres and the ledges of the flooring will be protected by a protective covering or rail of ninety-five (95) centimetres high. The perimeters, gaps and cantilevers will be protected with the same criteria in second floors accessible to individuals.
- Uneven surfaces greater or equal to fifty (50) centimetres must be indicated through tactile and visual differentiation. The tactile differentiation must be 25 cm. away from the edge of the uneven surface.

The Exhibitor is responsible for the structural safety of the stand. IFEMA may ask the Organiser for the documentation accrediting this if it deems it necessary.

Art. 11 - Moving Equipment

Moving equipment is admitted as long as it doesn't constitute a danger and/or nuisance. However, all machinery must comply with all the current and/or anticipated provisions in order to prevent accidents, bad smells, noise and gas and liquid emissions. The Exhibitors must, at their own time and expense, comply with checks of the above and make sure they comply with the provisions established by law and current regulations and obtain the correct permit from the competent authorities.

Art. 12 – Events access and passes

12.1 Visitors pass: Access to the event Hall and Areas will be allowed only to all professionals by invitation of a Partner, Exhibitor or the Organizer or being registered online through the events website or onsite in the Registration Area. The admission fees are detailed at both events' website. Partners and Exhibitors will have a number of invitations depending on the Participation Package acquired and as detailed in the Participation kit. In compliance with the provisions of the European General Data Protection Regulation 679/2016 of April 27, all the data voluntary supplied by visitors expressly authorize its use in the communications, including these carried out by e-mail, that NEBEXT carries out for promotional or information purposes on the activities that they organize and/or support with their logistics. NEBEXT will also be able to give their information to the exhibitors or sponsors allowing them to contact them to offer their products and services that may be of interest to them related to the professional shows organized by NEBEXT. The Organizer reserves the right of modify the events admission fees at its sole discretion.

12.2 Exhibitor pass:

Each exhibitor will have several badges depending on the Participation Package acquired and as detailed in the Participation kit. The exhibitor badges will be personal and non-transferable. All Exhibitor passes must be generated through the Exhibitor Hub.

12.3 Admission rights reserved:

The Organization reserves the right of admission, and may invite to leave Chemplast any person whose behavior does not conform to the most basic standards of conduct. We ask all exhibitors to use their invitations and badges in a responsible way in order to guarantee the professional objectives of the events. Visitors under 18 years old and non-professional visitors may not attend the events.

Art. 13 – Health & Safety, general surveillance, hygienic & security measures and fire prevention

13.1 Health & Safety

Each exhibitor is obliged to strictly comply with all the legislation system in force regarding health and safety in the workplace and with legal, welfare and social security legislation for the entire duration of the Event, including during the setting up and dismantling of stands and every other connected activity. It is mandatory to wear the safety equipment such as: helmet, reflective vest, safety boots, mask and gloves. During setting up and dismantling of the stand and any other inherent or related activity, the Exhibitor also undertakes to observe and ensure that all contractors working on his behalf also observe IFEMA Technical Regulations. The Technical Regulations also contain precautionary rules regarding safety at the show (fire prevention, electrical wiring, environmental protection, etc.), but excludes specific safety regulations regarding activity carried out by the Exhibitor or subcontracted to third parties (setting up and dismantling of the stand and related activities) for which verification and observance is the responsibility of the Exhibitor himself. Non-compliance with the above safety regulations, in particular when this may affect general safety in the halls and for third parties present, may result in intervention by the Organizer and lead to the utilities on the stand being cut off immediately or the stand itself being closed. Any other consequence deriving from non-observance of the above provisions shall be attributable to the responsibility of the Exhibitors and his sub-contractors. The Exhibitor is responsible for conformity to the legislation in force by everything present on the stand in terms of fixtures and fittings, structures, wiring, exhibited products, etc. Every Exhibitor is obliged to nominate a “Stand Manager”, who shall be entirely responsible for any parties involved in any activity carried out on his behalf for the entire duration of his presence on the Fairgrounds premises. At the discretion of the Exhibitor and under his complete responsibility, this person will also be responsible for each of the three stages already mentioned (setting up, show, dismantling). The name of the Manager and relative phone number must be given on the Participation Contract. Any variations or additions must be communicated to the Organizer before work starts for setting up the stand. Access to the stand by sub-contractors working for the Organizer for the supply of services shall only occur in the presence of the “Stand Manager” and is subject to his authorization. This does not however apply to the Organizer surveillance and security personnel.

13.2 Public order and maximum capacity

During periods of assembly, celebration and disassembly, the venue is taking care for monitoring general fairgrounds, access control, outdoor surveillance and security, general and preventive for public order and fire safety or emergencies of any nature. The venue will manage a surveillance service throughout the pavilions during the visiting hours to avoid any misbehavior.

13.3. Security and surveillance

During periods of assembly, celebration and dismantling, IFEMA is taking care for monitoring general fairgrounds, access control, outdoor surveillance and security, general and preventive for public order and fire safety or emergencies of any nature. In any case, it is not a security service directed to the goods exhibited or the particular goods of each exhibitor, so the Organizer and IFEMA will not be responsible for the private property owned by the exhibitors, their employees or subcontractors. The Organizer and IFEMA will not be responsible of robbery or theft of materials and objects left on the stands, or damages that may occur during periods of assembly, exhibition and dismantling. However, the Organizer will give their support for the resolution or processing of the report to the Police. Each exhibitor is responsible for any valuable objects that may be on its stand and must take care of them during the assembly period, the celebration opening hours to the public and dismantling period. The Organizer and IFEMA will not be responsible for the surveillance of the stands, so in the event that an exhibitor would need a surveillance service of its stand, will have the possibility to hire such service through the exhibitor catalogue or carry it out themselves. In the case that the exhibitor wishes to provide its own security for its stand must previously request it to IFEMA Security Department, through the Organizer. The authorization, accompanying a letter of standing will have to be delivered to the Security Staff in the pavillion with the National Identity Document photocopy. The Organizer will manage a surveillance service throughout the halls during the visiting hours to avoid any misbehavior. An identical service will be performed at night. Exhibitors will have to monitor their stands during public visiting hours. It is forbidden to stay in the stands after the opening hours established for Exhibitors with the only exception of a special permission from the Organizer for very justifiable reasons. The Organizer and Security staff will realize all the necessary inspection visits to ensure that safety standards and monitoring are fulfilled by all exhibitors, and at any time it may take appropriate measures to prevent accidents or situations that may harm people or things.

13.4 Contracting private security for stands

IFEMA has a privat security service for stands, all information is in IFEMA's web: www.ifema.es – Exhibitors – Exhibitors services. In case an Exhibitor wants to contract another service different from the one offert by IFEMA, the Exhibitor must send, to the Security Department of IFEMA, with a minimum of 48 hours notice, a document attesting the accomplishment of all conditions established for the current law. Furthermore, the Exhibitor must fill out the «Authorization Request for Private Security» available on the Exhibitor Hub and also on IFEMA's web: http://www.ifema.es/convencionesycongresos_01 - and send it to: dseguridad@ifema.es

13.5 Emergency actuation

The venue will provide during all the period, general surveillance in whole the venue in Fire prevention risks. The venue is responsible about the emergency management (medical, fire, any kind of hazard and natural catastrophes), in Auto protection Plan context which regulate the venue. In these situations, the exhibitors, contractors and/or subcontractors and their staff are affected by the venue's Emergency Actuation Plan, under his rules will be act always in coordination, collaboration and under State Security Forces dependency.

- What to do in emergency case: Do not block the emergency exits, staying calm, do not expand the panic, inform the Organizer.

Inform immediately to security staff about any object, situation or detail, that can be a risk for the security.

13.6 Not corridors occupation – Packaging

The corridors as evacuations ways, has to remain anytime practicable, included during assembly and dismantling periods. All the material should to remain inside assembly and dismantling stand building areas, leaving the corridors and the all the other common areas totally free. The venue cleaning service withdraw any object in these areas, without any right to reclaim liquidated damages. During event celebration will not be possible to place in corridors and other common areas any display, packaging or any object in general. There is a collection, storage and deliver goods and packaging service operated by the venue Partner (more information about this service in Exhibitor Hub – Operations Manual).

13.7 Fix and mobile installations

Will be respected the visibility and accessibility of the prevention fire installations: fire hydrants, floor hydrants, extinguishers, alarms, extinguishers equipment by water, emergency exits, etc. even when those are included inside the contracted spaces, as the access to the technical and service areas.

13.8 Fire prevention

The materials used for stand construction must fulfil the current regulation. In special, the fire resistance of the used material. The used material in floor coating will be EFL, and one used in walls and ceiling construction will be C-s2, d0; the suspended textiles as any kind of curtains will be class 1, according the rule UNE-EN 13773:2003. Besides, decoration elements have to accomplish the same characteristics as construction. Even cannot bring any easy ignitable material as bathwater, wood shaving, paper shaving, sawdust, turf, dried leafs, etc.

13.9 Hygienic and sanitary security measures

The Organizer together with the venue and all suppliers involved at the event have made a contingency plan. The aim of the plan measures considered are developed to reduce SARS-CoV-2 coronavirus contagion risk and those indications are based on Regulation UNE 0066-19th June 2020 for MICE sector together with the Regional Government regulations where the event takes place. This document is to inform and to notify all exhibitors about preventive hygienic and sanitary measures set up during the event. The mandatory measures are published in both webs: www.chemplastexpo.com/en/health-safety-measures/ www.pickpackexpo.com/en/health-safety-measures/ as well as in the Exhibitor Hub and other online and offline communication resources that will allow us all the measures to implement and the possible modifications derived by the current situation. It is Exhibitor responsibility to inform all his staff and contractors about the accomplishment of those measures during set up, celebration and dismantling periods of the event. There are a limited staff allowed at the stand according to the exhibitor passes included on your participation.

If you have a design stand, it is recommended to adapt the stand design in order to avoid crowds, to maintain security distance as long as there is an optimal presentation of the product in an appropriate environment to conduct business meetings. Also have into account that is it not possible to carry out activities which will gather an uncontrolled number of visitants in the stand. The exhibitor needs to follow a cleaning and disinfection protocol at the stand that obey authorities' recommendations or can contract those services at the online shop for exhibitor services.

The Organizer puts at Exhibitors disposal a lead generation app to collect professional visitors contact details through a contactless system. Furthermore, it is recommended to avoid printed material and to promote the use of digital information (for example, through quick scan codes, QR).

The Exhibitor knows, accepts and is always responsible to obey those measures without exception during his participation at the event.

The Exhibitor promises that no one with current symptoms or symptoms during the 15 days prior to the set-up period will not assist.

During event attendance, in case the exhibitor or any of their team at the event develop any symptom of SARS-CoV-2 they are obligated to inform the Organization and to visit the medical services located at the venue in order to follow all the established sanitary protocols.

In case the Exhibitor or any person of their team that have attended the event present symptoms or if it is confirmed a case of SARS-CoV-2 within the team and they suspect that it could have been contracted at the event, they are obligated to inform the pertinent authorities and the Organizer of the event immediately. In any case, the Exhibitor exonerates the Organization of the event of any kind of responsibility.

Art. 14 - Company Trademark Registration – Protection of Industrial and Intellectual Property Rights

14.1 Company Trademark Registration

Exhibitors are required to have regularly registered, patented or licensed the trademarks of the products that they intend to put on show in the exhibition space. If the trademark is pending patent, the Exhibitor must issue to the Organizer a special statement in which it assumes all responsibility for any consequences ensuing from the use of the trademark itself, freeing and clearing the Organizer and any connected companies against any claims from third parties. The trademark itself, freeing and clearing the Organizer and any connected companies against any claims from third parties.

By signing the Participation Contract the Exhibitor unconditionally accepts and agrees to comply with these General Terms and conditions of Participation of PICK&PACK y Chemplast Expo 2021 forming an integral part of this Participation Contract. This also implies acceptance of all general application rules issued by Feria de Madrid - IFEMA for all the Trade Shows held in their fairgrounds.

Neither the Organizer nor any of its respective agents, employees or directors shall be liable to the Exhibitor under this Agreement in contract, tort (including negligence and breach of statutory duty) or otherwise for any loss of profits (whether direct or indirect), revenue, goods, use, anticipated savings, goodwill, reputation or business opportunity or for any indirect, incidental special or consequential loss arising under this Agreement (whether or not reasonably foreseeable and even if it had been advised of the other incurring the same).

Any query, question or divergence that may arise between the Exhibitors and the Organizer with regard to the interpretation, fulfilment and execution of these Regulations of Participation, the General Terms and Conditions of the exhibition are applicable and will be submitted to the Arbitration of Equity referred to in Law 60/2003 of 23rd December of the legal system of arbitration, entrusting the administration of the Arbitration and the designation of the arbitrator to the Arbitration Tribunal of Madrid; being bound to comply with the arbitration it issues.

Without prejudice to the established above, it is expressly established that all questions relating to arrears of payment, claims for non-payment of services provided and, generally, any pecuniary debts with the Organizer are beyond the scope of the Arbitration Tribunal of Madrid, in which case the competent bodies will be the Courts and Tribunals of the City of Madrid, to whose jurisdiction the parties expressly subject themselves, with express waiver of their own jurisdiction should they have one. The Organizer reserves the right to adopt any measure conducive to the better order and operation of the events and protection of the rights of exhibitors and visitors
